

Enfora Compact Flash Card

GSM/GPRS

Quad Band

Presenting Enfora's third generation IP (GSM/GPRS) modem designed exclusively for a compact flash slot.

Benefits of using Enfora's Quad Band GSM/GPRS Compact Flash Card with your PDA or laptop:

- Browse the Internet, send and receive emails, communicate by instant message or SMS!
- Make and receive calls using your PDA or laptop, just as you would from your phone.
- Quad Band functionality allows you to use worldwide GSM/GPRS networks with a single device.
- BVRP PhoneTools® provides easy set up and configuration with the majority of worldwide carrier settings already pre-configured.
- Works with nearly all PDA's with a Compact Flash Type II slot or laptop with a PCMCIA slot.
