EC - DECLARATION OF CONFORMITY

Concerning the product

Mobiline 2000 (NW)

We:

BD Consult E.E. A/S
Sjaellandsvej 11, 9500 Hobro, Denmark // CVR no.: 14233202

As Manufacturer

Declare under sole responsibility that the product identified as follows:

Product name and sub-types:

Mobiline 2000, type no.: MOBILINE 2000 TP, MOBILINE 2000 V3.0, MOBILINE 2000 V3.1, MOBILINE 2000 V3.2, MOBILINE 2000 V3.3 and MOBILINE 2000 V3.5.

Description:

Mobiline 2000 is a GSM Gateway, or a so-called FWT (Fixed Cellular/wireless Terminal) that converts a mobile phone connection into a standard analogue telephone connection.

To which this declaration relates, is in conformity with the harmonized EC regulations, and/or other normative documents, described as:

EC Directive 89/336/EEC, EMC emission EN55022 :2006 (corr. from EN55022 :1998, A1 :2000, A2 :2003 / EN55022 :1994, A1 :1995, A2+corr :1997), EMC immunity EN55024 :1998, A1: 2001, A2 :2003, Electrostatic discharges EN/IEC 61000-4-2, fast transient immunity EN/IEC 61000-4-4 on external connectors, EMF safety restrictions (human exposure) based on EN50385:2002 and EN50383:2002 reference levels (Note 1), and supplementary conformity in regards to GSM 850/900/1800/1900 Cellular Engine types MC75 as

R&TTE Directive 1999/5/EC, safety (art. 3.1a) IEC/EN60950-1:2001, EMC (art. 3.1b) EN 301 489-1:v.1.4.1, EN 301 489-7:v.1.2.1, RF Spectrum efficiency EN 301 511:v.9.0.2 (ref. to 3GPP TS 51.010-1:v7.1.0 selection according to GCF-CC:v.3.20.1 / NAPRD.03:v.3.5.1)

Tested under registration no. M528311S-EO at notified body no. 0682, Cetecom ICT Services GmbH, Germany, Delta EMC organisation DK with partly self conducted test, and with reference files as: A504869-2, 3-4200-1-1/04, 4_Siem_0504_GSM_EMCa and 4_Siem_0504_GSM_03,_08,_20,_26,_28,_35

Note 1) Safety restrictions with regards to EN50385 and EN50383, are based both on build-in Dual Band Helical antenna and external antennas with gain from 3dB up to max. 20dB.

Document date/version: Version 4, issued on 26th May 2011
