MiFi® 3352

Intelligent Mobile Hotspot with Applications

- ## Access HSPA (7.2 Mbps download and 5.76 Mbps upload) mobile broadband networks with the MiFi 3352 Intelligent Mobile Hotspot
  Operates virtually anywhere in the world with multiple frequency band operation in HSPA, UMTS, EDGE, and GPRS† providing high speed mobile Internet access.

- ## Connect up to 5 Wi-Fi enabled devices‡
  Allows up to 5 Wi-Fi enabled devices to simultaneously connect to the Internet.

- ## Do more, quickly and easily
  MiFi OS™, a browser based web user interface, capable of hosting advanced software applications and widgets is flexible enough to address the continued evolution of mobile broadband.

- ## Easily fits in the palm of your hand
  Sleek and tiny, MiFi is perfect for on-the-go connectivity.

- ## Integrated high-capacity microSDHC™ slot††
  Provides expandable storage capacity of up to 32GB, allowing access from all connected devices over Wi-Fi.

- ## GPS-capable for location-based services

†Network operator dependent.
‡ Operator configurable from one to five connections
††microSDHC cards sold separately

NOVATEL WIRELESS™

MiFi® 3352

Technical Specifications

Intelligent Mobile Hotspot - 7.2/5.76 Mbps HSPA

Technology/Bands
- Tri-band HSUPA/HSDPA - 900/1900/2100 MHz
- Quad-band GPRS/EDGE - 850/900/1800/1900 MHz
- A-GPS and gpsOneXTRA   support
- Receiver equalisation
- Receiver diversity

Data Speeds
- HSDPA   Up to 7.2 Mbps downlink
- HSUPA   Up to 5.76 Mbps uplink

Dimensions
- 62mm x 98mm x 15.3mm

Weight
- 81grams

WLAN
- 802.11b/g 2.4 GHz
- Pre-configurable security (WEP/WPA/WPA2)
- DHCP server
- NAT/NAPT
- DNS support
- VPN pass-through

Battery
- Removable, rechargeable Li-ion battery

Interface
- microUSB port
- microSDHC slot
- SIM socket 1.8V and 3.0V standard USIM

Antennas
- Integrated diversity antenna
- Integrated Wi-Fi antenna
- Integrated GPS antenna

LED Indicators (2)
- Multi-color status indicator
- Wi-Fi indicator

System Requirements
- Type A USB port
- Internet browser software
- Wi-Fi

Standards/Approvals/Certifications
- 3GPP Release 99 for WDCMA
- 3GPP Release 5 for HSDPA
- 3GPP Release 6 for HSUPA
- FCC parts 2, 15, 22 & 24
- CE Marking
- GCF
- PTCRB
- GSM Phase 2+
- Microsoft WHQL
- Wi-Fi Alliance
- R&TTE Directive 1999/5/EC (health, safety, EMC, spectrum) Compliant
- RoHS Directive 2002/95/EC Compliant
- WEEE Directive 2002/96/EC Compliant
- A-Tick
- ICASA
- Industry Canada

Software and Applications (optional)
- Built-in address book
- SMS client
- MiFi OS™

Standard Package Contents
- MiFi 3352
- Quick Start Guide
- Rechargeable Li-ion battery
- A/C mains charger
